ENDURING CRAFTSMANSHIP

Our House Designs furniture is built to last a lifetime. We are committed to creating furniture with the highest quality care and materials ensuring strength and comfort for generations.

All of our frames are made from solid hardwoods, reinforced with support rails, dowels, and screws. Sinuous wire springs are used in the backs of our pieces to provide superior support while maintaining the furniture's shape. Each sprung-up frame has a unique network of eight-way hand-tied tempered steel coils, providing a long-lasting foundation with the highest degree of comfort.

It's inspiring to watch our team members work their unique craft and bring life to each piece. Many of our furniture makers are 2nd and 3rd generation legacies, still employing the highest standard of time-honored furniture making traditions.
